

Reliable Partner to Source Highest Quality Crime Scene Investigation - Consumables, Equipments, Kits, Products, Reagents and Modern Technologies - Modernizing Police.

**Believe in "Truth Alone Triumphs"**

Adopting Scientific Methods in the Process of Collection of Evidences from Crime Scene has become inevitable as the court need admissible evidences to Convict the Criminal. To this effect there are several court directions suggesting the Law Enforcement to take up Modernizing the Police Forces on Priority basis across India.

There are several Scientific Techniques & Tools being introduced which aids in collection of evidences that are admissible by the courts. Kwick Soft Solutions aids Police Departments to equip Modern Techniques and offers world class products to set up state of the art Forensic Science Laboratories, Fingerprint Bureaus and equipping Crime Investigation Departments, Training Institutes and Police Stations with advanced and user friendly, cost effective, products and solutions. We offer over 3000 products, few of them are indigenously developed and others are imported.

**Few of the Consumables, Equipments, Kits, Products, Reagents and Modern Technologies are**
